Sir:

In the Office Action dated July 1, 2003, the Examiner made the Office Action final on the ground that "[a]ll claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been final rejected on the grounds and art of record in the next Office Action if they had been entered in the application prior to entry under 37 CFR 1.114."

As Applicant's counsel recalls that the Examiners indicated in the interview dated June 4, 2003 that a Request for Continued Examination would be required because the claim amendments, which were discussed in the interview and were made later in the response filed on June 12, 2003, would raise new issues that require further consideration. It follows that the Office Action dated July 1, 2003, which was filed with a Request for Continued Examination, was improperly made final, and that the finality of that Office Action should be withdrawn under MPEP 706.07(b).

The petition fee of \$130.00 is submitted herewith.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response. Please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (CAM #: 038769.50357US).
